

JACKSON NODA

Web & Mobile App Developer

PERSONAL STATEMENT

As a passionate and professional Software Engineer with over 8 years of experience in web and hybrid/native mobile app development, I've built various kinds of web and mobile apps related to Healthcare, Fitness, E-learning, Social Networking, E-commerce, Wallet, etc. Also, I've been working in startup and fortune 500 companies for several years. I want to use my challenge for various kinds of projects and want to get long term clients to extend their business together. I'm a strong problem solver and always provide top notch production until 100% satisfaction.

WORK EXPERIENCE

Jun 2019 – Mar 2021

Full Stack Engineer • Contractor • ICOTOP

- ✓ Built responsive UI based on the UX/UI design with ReactJS
- ✓ Designed AWS CloudFormation templates to configure automatically all resources required by the project
- ✓ Implemented AWS automated deployments from GitHub to AWS (CodeBuild, CodeDeploy, ECS, Docker)
- ✓ Created NodeJS web service with 10+ external API integrations, automated tasks, and public endpoints
- ✓ Automated solutions to process company contacts/referrals, alert scheduling system, SMS notifications to sales reps and more, sales pipeline webhooks, and more
- ✓ Developed Restful APIs and hosted as AWS Lambdas

Feb 2018 – Apr 2019

Frontend Developer • Contractor • FanHero

- ✓ Integrated TDD using Jest and Enzyme by checking components inside the React application.

Kissimmee, FL, 34746

+1 (321) 250-6247

starhelios94@gmail.com

www.jackson-noda.com

- ✓ Worked with UI frameworks like Material UI to build responsive pages
- ✓ Used declarative language, Typescript, for better error handling in large applications.
- ✓ Utilized storybook to test individual react component's functionality.

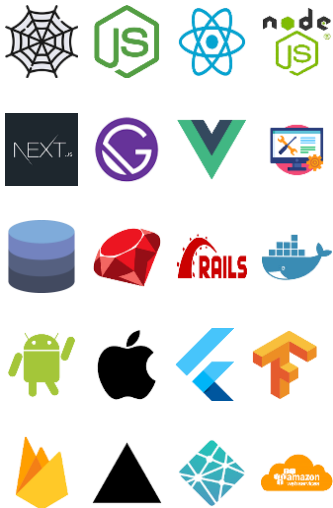

Nov 2016 – Jan 2018

Mobile App Developer • Contractor • OpenArc, LLC.

- ✓ Designed and developed various kinds of native and hybrid mobile apps with Swift/Java/Kotlin/Flutter/React Native that were downloaded over 20K times within the first three months after publishing.
- ✓ Improved product quality through code reviews, writing effective unit tests and collaborating with QA on implementing automation testing

SKILLS

LANGUAGES

- ✓ English (Fluent)
- ✓ Japanese (Fluent)

Jun 2015 – Oct 2016

Full Stack Lead Developer • Contractor • 101 Management, Inc.

- ✓ Built a PWA using MERN stack while collaborating with Senior Software Engineers via zoom meetings multiple times a week
- ✓ Used Agile Software Development practices to plan > build > test > deploy > gather feedback > and refactor projects
- ✓ Built multiple, and well-tested RESTful APIs using Node.js with Express, Mocha, Chai, and Supertest

Sep 2013 – Jun 2015

General Contractor • Contractor • Sunshine Homes, LLC.

- ✓ Developed new server-side features for REST API Microservices including data models, API controllers/handlers and DB querying with Ruby on Rails and PostgreSQL for heavy use of Streams
- ✓ Utilized Docker and general functional programming style to minimize branching and improve maintainability
- ✓ Tested with RSpec
